5 - Note Exercise - Play No. 1 three times in a row perfectly (3 PTD) as slow as necessary to get it, then go up one-half step to F#. From F# go up "5-notes" to A# and back down. Continue this pattern up to high F or F#. Then work your way down from low E to Bb. Follow this routine with rhythmic patterns No. 2, 3 and 4. In a short while you'll be flying on the complete chromatic scale!
